

**"PASSION HAS TAKEN ME FROM WATCHING THE GREAT PLAYERS OF THE GAME TO KNOWING MY NAME IS AMONGST THEM."**

— RONNIE BROWN, #2 OVERALL NFL DRAFT PICK

A Running Back. A Football Player. An Athlete. Passion – it's what drives me to the stadium before dawn to workout while everyone else sleeps. It's Monday through Saturday to prepare for Sunday. There is no off-season. This is a way of life – life in the NFL. Through research, science and technology, EAS is offering a way for me as an athlete to fuel my passion.

With hard work and dedication, combined with EAS products, my dream of playing in the NFL is becoming a reality. I'm performing at my all-time best, running the 40 in 4.43 seconds – the second fastest time for a Running Back at the Combine. I've lost ten pounds without losing any lean muscle mass, and my bench press has increased in both weight and repetition. My customized EAS product stack brings my performance to a higher level – exactly what it takes to get to the top of the game. My EAS product stack includes:

**Precision Protein™**  
Pre-workout  
Supports the recovery process

**Phosphagen Elite™**  
During workout  
Increases muscle strength and power

**Myoplex® Original**  
Post-workout  
Helps maintain lean mass

At EAS we understand the no excuses, no pain-no gain philosophy. So for all you athletes out there who eat, breathe and live your sport, lucky for you, so do we. Welcome to EAS.

**OWN YOUR GAME.** Call 1.800.297.9776 or go to [eas.com](http://eas.com) to customize your EAS product stack and to receive FREE product samples. (enter dept. 5121)
